

Andy's Oil Service, Inc

PREFERRED BUDGET PAYMENT PLAN

HOW IT WORKS

Based on your annual fuel usage (or on the average household for new customers), we produce an *estimate* of your anticipated seasonal fuel costs. This amount is divided by the term of the Budget Plan to arrive at an equal monthly payment. The term of a Budget Plan can be eight, ten or twelve months. The payment schedule begins in July and runs consecutively to the end of your Budget Term. *Payments are due by the 25th of each month.*

PRIMARY ADVANTAGES

- ❖ Credit balances that you build in the beginning of the season earn **5% annual interest** which will be applied to your account monthly.
- ❖ Payments remain constant throughout the term of your Budget Plan regardless of the number of deliveries made to you during a thirty-day period.

TERMS & CONDITIONS

- Any account balance must be paid in full before a Budget Plan can be instituted or renewed.
- Monthly payments are subject to increase or decrease should we find that you are using considerably more or less fuel than originally estimated.
- Monthly payments are based on annual fuel costs only. Service Contract, Service Call, or any other "non-oil" charges will be billed in addition to your monthly payment.
- The Budget Plan and/or Price Cap are subject to termination should you default on your monthly payments.
- The Budget Plan cannot be combined with any other discount or program.

Please feel free to call the office should you have any questions or if we can be of further assistance in any way. We thank you for your continued confidence and for the opportunity to serve your family's heating needs.
